- IT strategy
- IT governance
- (Out)sourcing/offshoring
- Data

+10 book publications & +5
whitepapers, including

Looking forward

- Collectively XBRL NL will continue to collaborate with our community and the society
 - XBRL NL will grow their community and intensify the engagement

 - Exploring opportunities to align with international standard
 - Scan potential improvements for identity verification – peer-to-peer as well as in the value chain
 - Improve (inter)national governance
 - Contribute to democratization of data
 - Prioritize standardization of sustainability reporting
-
