Block tagging in the ESEF Reporting Manual

1.9.1

Mark up information (including headers/titles) with the elements of [RTS Annex II](#). Multi-tag information when disclosure corresponds to more than one element.

1.9.2

Tables are considered the lowest level of granularity. Within a table, separate rows or cells shouldn't be tagged separately.

1.9.3

It is encouraged to also tag content outside of the mandatory sections using non-mandatory tags whenever applicable.
